### Habit-forming Medicines.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious fagredients complained of. Recognizing this fact some time ago, Dr. Plerce, of Bunfalo, N. Y., "took time by the forelock." as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now or known conversion. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being printey vegetable, extracted from the roll of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Flerce employs chemically pure, triples refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antis settle, antiferment and supporting muritive. It enhances the curative action of the Golden Seal root. Stone root, Black Cherrybark and Bloodroot, contained in "Golden Modical Discovery." in all brouchial, throat and lung affections at the surfous of the original agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic cat

MORE TROUBLE ANTICIPATED. While there are no visible signs of trouble, there are persistent rumors of the organization of a strong party to liberate from Salisbury, N. C., juit the lynchers of the three negro murderers of

the Lyerly family.

At midnight Wednesday the barn of the late Isaac Lyerly, murdered by the Guiespie and Dillingham negroes, who were lynched at Salisbury Monday night, was burned, including two horses and a quantity of grain and feed. The flames were of incendiary origin, and negroes residing in the community are charged with the crime. The burning crested fresh excitement, following so

oon after the lynching.

It is believed a band of negroes are bent on revenge. One has been arrested for saying worse calamities will befall other families than befell the Lyerlys. Many good citizens are greatly aroused, and there is talk of exterminating the negroes of the Lyerly neighborhood.

Up to nine o'clock last night the following have been arrested on the charge of nourder in having participated in the lynching Monday night: George Hall, of Montgomery county; G. H. Gentle, of Rowan; John Cauble, Henry Goodman, Budd Bullsbough, and F. M. Cress, of Salisbury. All were sent to jail without bail, and will be tried for their lives.

Judge Long i-suel the bench warrant tor Gentle after the latter had remarked in the presence of the officers who later arrested him that he helped string up

the negroes.

Hall and Gentle were arraigned in Su perior Court at Salisbury yesterday afternoon and pleaded not guilty to the charge of murder, though Hall admits participation in the mob.

A motion to continue the case another term of court was overruled by Judge Long, and a special venire of sixty men was ordered from which to select a

The Bible and Prayer Union was founded on January 10, 1876, in London, England, by a band of 50 workers con nected with St. Benet's Church. Within a year the membership had grown to 1,800, It now has 365,000 members and has extended not only beyond Great Britain, but beyond the English speak-

ing countries. There are branches in the Argentine Republic, Australia, Bulgaria, Canada, Cevlon, Deumark, Finland, Germany, India, New Zealand, Persia, South Sea Islands, Sweden, Syria, Tasmania, Tur-key and the United States. The organization is entirely undenominational, and besides every section of the Protestant Church includes members of the Armenian, Greek, Moravian, Nestorian, and even Roman Catholic churches, with

The Union calls attention to the fact that Genesis, the first volume, contains history vastly more ancient, as well as more trustworthy, than that of Herodotus. In Leviticus we have laws on which the jurisprudence of all civilized nations has been founded. Ruth is an idyl lovelier even than Tennyson's own Job is a drams more thrilling than any written by Æschylus or Sophocles. In the Psalms we have poetry sublimer and sweeter even than Milton's. Proverbs contains nuggets of wisdom richer than Franklin's. In the writings of St. John is philosophy profounder than Plato's. In the four Gospels we have

the very pearl of biography. Didn't Appeal to the Secretary.

Secretary Bonaparte wrote a letter yesterday to an embryo Nebraska inventor which was designed to interrupt some interesting experiments in throwing ex plosives. ## DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private ills, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examina ions which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs Pinkham, daughterin-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen. of Manning, Ia. She writes: Dear Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you talling you how I felt, I had dectored for over two years steady, and spent lots of money in medicines besides, but it all failed to do me any good. I had female trouble and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lycia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Oinkham's Vegetable Compound for toring women's health.

News comes from Lake Tahoe, Cal. that Bourke Cockran is seriously ill of heart trouble. A short time ago Mr. Cockran left San Francisco for Tahoe with a party, one member of which was Miss Annie Ide, the daughter of the former governor general of the Philippines, to whom he is betrothed. Unacned exercise in the high altitude in which the lake is situated brought on dangerous cardiac weakness, to which Cockran has long been subject. His physicians fear complications, may prove dangerous, as he is fifty-two years old and not in a good physical condition. Miss Ide remains at the potient's side and nurses him with the greatest
